Eric Perozich

Personal Summary

Eric is a fast learner, able to pick up new skills quickly. With a team oriented mindset and a great attitude, he makes an exceptional addition to any project or team. His problem solving skills and ability to take decisive actions, along with a level-headed attitude make him a good candidate for leadership roles. In his previous positions other co-workers under his direction have said they enjoy working with him for his calm demeanor and his ability to dive in and work along-side them no matter the task involved.
